

# JEFF MEIR

## for seat on Board of Directors

### **Hard working man looking to make a difference at Four Winds.**

I love fishing, hunting, my four (4) kids, my five (5) grandkids and my girlfriend. I am a homeowner and am employed full time.

My 30 years in the automotive recycle/repair arena has enabled me to gain tons of experience communicating with various types of people; both on the phones and face-to-face. I am also a jack-of-many-trades working regularly with plumbing, woodwork, constructing and other hands-on jobs. I believe my skills can be applied to many areas within Four Winds as I can work in an office environment or out in the field.

Four Winds needs to continue to move forward and I want to help with that progress. I want to make a difference! Vote for me on election day.
